

# SUDANESE MINISTRY

**Imagine** being chased from your home by men who want to kill you. **Imagine** spending years living in fear in refugee camps with your family. **Imagine** traveling to a country thousands of miles away where no one speaks your language. Now **imagine** learning about a loving God who will be with you in every earthly trial and who promises a perfect eternity through His Son.

A Sudanese Choir

Many of the Sudanese who have come to Nebraska lived a life very similar to this in Sudan. There they were **persecuted** by the Muslim government **for their Christian faith**, and many saw family members killed for their beliefs.

Getting to America meant safety, but it also created many challenges. Congregations in Omaha helped the Sudanese immigrants get established in their new home and addressed their spiritual needs.

Sudanese from four Lutheran churches in Omaha joined together in 2004 to form the **Sudanese Evangelical Lutheran Church in Mission**. Sudanese deacons, under the supervision of an LCMS

The Sudanese Deacons

pastor, serve this ministry with **worship, Bible study, Sunday school, confirmation class**, and other educational opportunities for children and adults.

The Nebraska District would like to **thank you** and your congregation **for your prayers and support**, which help provide resources for this mission congregation.

Vicar John Deang
